Dear Residential Property Owner,

At the May 11, 2020 regular City Council Meeting, the Livermore City Council adopted Ordinance No. 2095, establishing Livermore's sewer service charges for July 1, 2020 to June 30, 2025. This notice is to inform you that effective July 1, 2023, residential sewer service charges authorized by Ordinance No. 2095 will be the following:

Property Type	Current Annual Rate (July 1, 2022 - June 30, 2023)	Upcoming Annual Rate (July 1, 2023 - June 30, 2024)
Single-Family Homes	\$779.76	\$818.76
Multi-Family Properties <i>Includes condos, mobile homes, apartments, townhomes, and accessory dwelling units</i>	\$638.04 per unit	\$669.96 per unit

What are Sewer Service Charges?

Sewer service charges fund the operation, maintenance, capital improvement, and replacement costs of the City's wastewater system. Sewer service charges for residential properties are fixed annual rates that appear as a line item called **City Sewer Service** under the **Fixed Charges and/or Special Assessments** section of their property tax bill. This is not a new charge - sewer service charges have been included on Livermore residential property tax bills since 1960.
