Dear Residential Property Owner,

At the May 11, 2020 regular City Council Meeting, the Livermore City Council adopted Ordinance No. 2095, establishing Livermore's sewer service charges for July 1, 2020 to June 30, 2025. This notice is to inform you that effective July 1, 2022, residential sewer service charges authorized by Ordinance No. 2095 will be the following:

Property Type	Current Annual Rate	Annual Rate Effective July 1, 2022
Single-Family Home	\$742.56	\$779.76
Multi-Family Property Includes condos, mobile homes, apartments, townhomes, and accessory dwelling units (ADUs)	\$607.56 (per unit)	\$638.04 (per unit)

Sewer service charges fund the operation, maintenance, capital improvement, and replacement costs of the City's wastewater system. Sewer service charges for residential properties are fixed annual rates that appear as a line item under the Special Assessments section of their property tax bill. Sewer service charges have been included on Livermore residential property tax bills since 1960.
