

How to Apply for a Rebate

Visit [LivermoreCA.gov/Rebates](https://livermoreca.gov/Rebates) for program details and to download rebate applications.

If you are applying for the Lawn to Garden Rebate, you must submit your application and receive approval before removing your lawn.

How to Pick up a Free Water Saver Kit

Water saver kits can be picked up from the Livermore Water Reclamation Plant (101 W. Jack London Blvd., Livermore) during normal business hours (Monday - Friday, 8:00 a.m. - 4:00 p.m., excluding City holidays). Limit one kit per household.

When you arrive, use the right driveway to access the visitor parking area. Use the intercom on the right side of the Administration Building (pictured) to let staff know you are there to pick up a water saver kit.

Rebates for Commercial & Multi-Family Properties

Lawn to Garden Rebate

Up to \$6,000

Replace lawn and sprinkler systems at your business with low-water plants and drip irrigation systems. Low-water landscaping uses less water and requires less maintenance than traditional turf.

Irrigation Controller Rebate

Up to \$3,000

“Smart” irrigation controllers use local weather reports to automatically adjust your property’s watering schedule. These controllers also allow your landscaping professionals to adjust your property’s watering schedule anytime, anywhere.

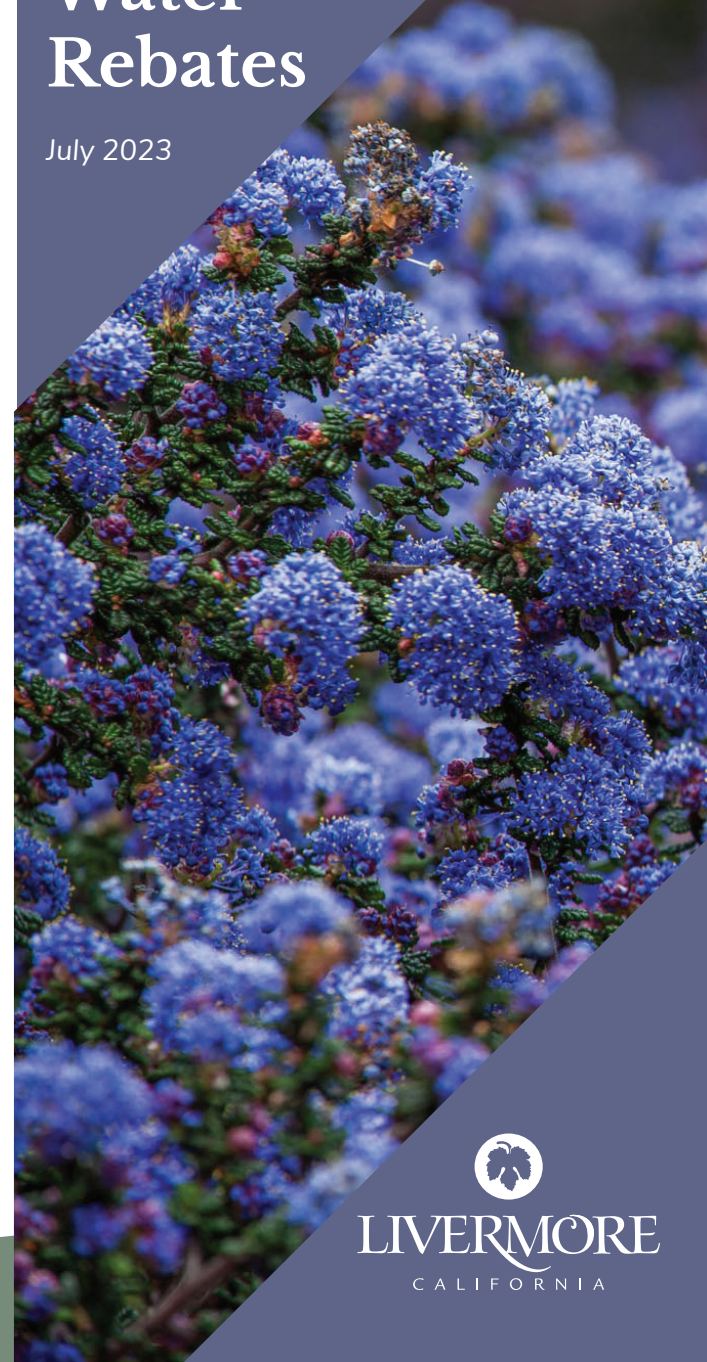

Pool Cover Rebate

Up to \$100

Homeowners’ associations (HOAs), recreational facilities, and multi-family housing complexes can now receive rebates for pool covers.

Livermore Municipal Water Rebates

July 2023

LIVERMORE
CALIFORNIA

Rebates & Programs for Single-Family Homes

Clothes Washer Rebate

Up to \$200

Save water and energy by replacing your old clothes washer with an Energy Star “Most-Efficient” rated clothes washer.

Pool Cover Rebate

Up to \$100

Covering your pool will reduce evaporation by 95% during the summer, keep debris out of the water, and lower your energy costs by retaining the pool’s heat for longer.

Water Saver Kits

Free!

Pick up a free kit full of water-saving plumbing fixtures for your home. Each kit includes a garden nozzle, a showerhead, faucet aerators, and more.

Irrigation Controller Rebate

Up to \$75

Upgrade your irrigation controller to a “smart” system that uses local weather reports to automatically adjust your watering schedule. No more overwatering!

Laundry-to-Landscape Greywater System Rebate

Up to \$100

Installing a laundry-to-landscape greywater system will allow you to keep your garden green by reusing laundry machine water for irrigation.

Lawn to Garden Rebate

Up to \$2,000

The average home uses more than half of its water on outdoor irrigation. Save water by replacing your lawn and sprinkler system with low-water plants and a drip irrigation system.
