

Ballot Statement for Kristie Wang

Livermore is positioned to make real progress in the areas of housing, infrastructure, transportation, and climate. As a policy professional who has worked to solve problems at all levels of government, I'm ready to move our city forward. I've studied the issues facing our city, and I will lead with compassion, knowledge, and experience. As a current member of the Livermore School Board, I have been a bridge builder who works to support our students and staff, ensure resources are managed responsibly, and partner with our City to address student safety. My husband and I have lived in the Tri-Valley for 25 years, 18 in Livermore, where we raised our children. My own childhood as an immigrant English learner, who grew up working in my family's small business, has driven me to help those who may be invisible to others. I'm active in several community organizations, including over 13 years at Tri-Valley Haven as a certified volunteer advocate. Learn more about my campaign at <http://Wang4Livermore.com>. As your councilmember, I will be ready on day one to work for a Livermore where everyone has the opportunity to thrive. I respectfully ask for your vote.

City Clerk's Office

AUG 07 2024

City of Livermore
