

Campaign Statement for John Marchand

Livermore continues to thrive and be the community of choice for residents to live, work and raise their families. I'm proud of my track record for keeping Livermore financially strong and protecting our beloved community character by preserving open space and creating more parks. Public safety will continue to be my top priority because it's essential to our quality of life. It takes experienced leadership and strategic investments to ensure these goals are achieved.

I've contributed directly to the vibrancy of our local economy by leading efforts to grow new businesses and develop an education-to-jobs pipeline. I advocate for critically needed housing for local workers and investments into regional transit to reduce traffic congestion. Livermore's infrastructure and maintaining our assets continues to be a key focus for me. The quality of Livermore's streets was rated in the top 10 of all cities in the nine Bay Area counties.

I believe in leading by example and through collaboration. Our community is enriched when the City partners with nonprofits, schools, businesses and individuals to expand our cultural arts, education, service and leadership opportunities. I serve Livermore because I love it and I'd be honored to be re-elected as your Mayor.
