

APPLY AT WWW.CITYOFLIVERMORE.NET/REBATES

NOW IS THE PERFECT TIME TO LOSE YOUR LAWN!

Did you know the average home uses more than half of its water on irrigation? Permanently lower your home's water use by replacing your thirsty lawn with beautiful drought-tolerant landscaping.

Livermore Municipal Water is now offering rebates to reimburse some of the cost of low-water plants, mulch, drip irrigation supplies, and more.

HOW MUCH IS THE REBATE?

Single-Family
Homes

Up to
\$2,000

Multi-Family
& Commercial
Properties

Up to
\$6,000

DETAILS

Customers must apply for the rebate before removing their lawn.

After their application is approved, customers have eight months to finish installing their new drought-tolerant landscaping.

Apply today so you can stop watering your lawn this summer and plant your new low-water landscaping during the cooler fall months!

CLOTHES WASHER REBATE

Save water and energy by purchasing an Energy Star “Most-Efficient” rated clothes washer.

Single-Family Homes Only

Up to \$200

IRRIGATION CONTROLLER REBATE

Take the guesswork out of watering your yard with a “smart” irrigation controller.

These controllers self-adjust your yard’s watering schedule based on weather reports. No more accidental overwatering!

Residential Properties

Up to \$100

Commercial Properties

Up to \$3,000

LAUNDRY-TO-LANDSCAPE GREYWATER SYSTEM REBATE

Why send your property’s water down the drain when you could use it to irrigate your garden instead? Installing a “laundry-to-landscape” greywater system will allow you to keep your garden green by reusing laundry machine water for irrigation.

1 & 2 Unit Residential Properties Only

Up to \$50
